What is juuling and is my child doing it? Nope, it isn't the latest dance craze, but a type of electronic cigarette. More than 1 in 4 Lee's Summit students have used e-cigarettes, according to recent research. And they aren't just vaping water. This highly visual presentation will familiarize you with e-cigarette devices, discuss what students in Lee's Summit are vaping, and equip you with health information so you can knowledgeably discuss the risks of use with your student.
