

**Love and Logic Program Dates
2011-2012 School Year**

The Love and Logic program is offered by Lee's Summit CARES in collaboration with the Lee's Summit School District and ReDiscover. The program was developed by the Cline/Fay Institute and is facilitated by local master level counselors who have completed training through the Institute. Lee's Summit CARES offers the program in three formats; *Love and Logic Magic for Early Childhood* for use with kids 0-6 years, *Becoming a Love and Logic Parent* for kids of any age and *Parenting Teens with Love and Logic* for kids aged 10-19.

Registration is handled through Bev Hatley at ReDiscover, 816-347-3259. Registration materials can be downloaded from the Lee's Summit CARES website at www.lscares.org. Participants must pre-register for the program so our facilitators can provide materials to everyone.

The cost for the program is \$42. This covers a workbook and materials. There is NO cost for previous participants of the same program. Scholarships that include class fees and childcare are available to residents that live within the R-7 School District boundaries. Qualification guidelines can be found at www.lscares.org.

Childcare is available at some classes. The cost is \$5 per child per evening with a max of \$10 per family per evening. For safety reasons, only children four years of age and older can use childcare in the elementary school setting.
